

[pre-qualification form](#) **Clean Water Partnership Procurement FAQs**

What are the capabilities/trades needed for the Clean Water Partnership (CWP) procurement activities?

The Construction efforts of the Program are executed and performed by three General Contractors—Essex, Nardi, and D&F Construction. As members of the implementation team they will facilitate and manage the application of all work that has been designed. There is a tremendous opportunity for contractors that exhibit the necessary skills and capabilities in the following areas of need:

- **LANDSCAPING:** General services including installation of selected landscaping materials.
- **CONCRETE FLATWORK:** Removal and replacement of pavement and asphalt, curb, gutter and sidewalks replacement with porous concrete, pavers, grass and plantings
- **INSTALLATION OF PRECAST STRUCTURE:** Catch basin, manholes, precast concrete boxes and tree boxes.
- **SITWORK:** Rough initial and final grading, excavation, backfill, underdrain installation, wet utility, infrastructure activities, and preparation of work for permit approval.
- **SUPPLIERS:** Stone, pavers, porous concrete, soil, rain barrels, mulch, plant materials; trucking and hauling companies, maintenance sales and rental of equipment relating to landscaping.

How do I access procurement opportunities within the Clean Water Partnership?

The first step is to become pre-qualified utilizing **one** of the following options to submit your information:

1. Download a pre-qualification at www.thecleanwaterpartnership.com
2. If you are unable to download, e-mail us at cleanwater@corvias.com to have the form e-mailed to you
3. Pick up a form at the CWP program office: 1801 McCormick Drive Suite 280 Largo, MD 20774

Please submit your completed form to cleanwater@corvias.com. Upon submission you will be contacted by a Clean Water Partnership team member, this will begin the procurement process.
