

CLEAN WATER PARTNERSHIP *PROPERTY ADJACENT TO 5901 AMMENDALE ROAD AND TROLLEY LANE, BELTSVILLE, MD*

The Clean Water Partnership (CWP) is a Public-Private Partnership (P3) between Prince George's County and Corvias. The CWP is the first of its kind to design, build, finance, operate, and maintain urban stormwater infrastructure to meet Municipal Separate Storm Sewer System (MS4) regulatory requirements and is committed to retrofit up to 4,000 impervious acres in Prince George's County.

PROJECT DETAILS

The CWP will employ Best Management Practices (BMPs), retrofitting the existing pond into a wet pond by installing a forebay, extending the stormwater detention area in order to treat a higher volume of stormwater and modifying an existing stormwater outfall pipe. There will be approximately 10-20 trucks per day, along Trolley Lane, carrying 40-60 loads of materials from the pond.

Construction crews will stage equipment within the Limits of Disturbance (LOD). The LOD is the boundary within which all construction, materials storage, grading, landscaping and related activities will occur.

Contractor	<i>Nardi Construction, Inc.</i>
Construction Start Date	<i>Winter 2019</i>
Construction Finish Date	<i>Summer 2020 (Weather permitting)</i>
