

CLEAN WATER PARTNERSHIP FAIRMOUNT HEIGHTS

CONSTRUCTION INFORMATION

PROJECT ADDRESS:

1104 61st Ave, Fairmount Heights, MD

General Contractor: NARDI Construction, Inc.

CONSTRUCTION START: December 2019

CONSTRUCTION COMPLETION: May 2020

CONSTRUCTION HOURS (TYPICAL):

7:00 AM - 4:00 PM Monday - Friday
Weekend work as needed.

SITE ACCESS:

Construction vehicles will use 61st Ave to access the site. The vehicles and equipment will remain within the construction area during the day and exit via 61st Ave. 61st Ave is shown as closed / no thru-traffic / no parking during the workday (7:00 - 4:00). There will be no street parking on that block of 61st Ave (L St to Lee Pl) for the duration of the project. No

thru-traffic / closure of sidewalk will only be for the work in the street itself which is roughly the last 2 weeks of the project.

PROJECT DETAILS:

The project is being completed to create more green space for the collection and filtration of stormwater by adding a micro-bioretenion pond at the northwest end of the parking lot. This device filters polluted stormwater from the impervious spaces on the school's campus, eventually producing a cleaner product, into our larger bodies of water. Construction activities will include land excavation and haul off, device installation, pipe installation and landscaping.
