

The Clean Water Partnership (CWP) is a Public-Private Partnership (P3) between Prince George's County and Corvias. The CWP is the first of its kind to design, build, finance, operate, and maintain urban stormwater infrastructure to meet Municipal Separate Storm Sewer System (MS4) regulatory requirements and is committed to retrofitting up to 5,475 impervious acres.

CLEAN WATER PARTNERSHIP OUTFALL 166 (VINEYARDS) STREAM RESTORATION

CONSTRUCTION INFORMATION

PRINCE GEORGE'S COUNTY, IN ALLIANCE WITH THE CLEAN WATER PARTNERSHIP (CWP), HAS BEEN WORKING ON THE PLANNING AND DESIGN OF A WATER QUALITY IMPROVEMENT PROJECT IN CLINTON, MD.

CONSTRUCTION FOR THIS PROJECT IS SCHEDULED TO START IN JUNE 2023.

PROJECT DETAILS INFO: This is a restoration project to improve the condition of the affected stream. Stream restoration is a best management practice (BMP) that stabilizes eroded streams, restores natural aquatic ecosystems, and improves water quality. The project includes installing stream structures, including rock cross-vane, rock sill, and riffle pool sequences, to reduce bank erosion and improve floodplain wetland connectivity by stabilizing the stream channel.

See the overview map for additional details. After construction is complete, all disturbed areas will be returned to stable conditions.

PROJECT NAME

Outfall 166 (Vineyards) Stream Restoration

PROJECT ADDRESS

Near 6400 Summersweet Drive, Clinton, MD 20735

CONTRACTOR

RES

CONSTRUCTION START DATE

June 2023

CONSTRUCTION FINISH DATE

September 2023, weather permitting

CONSTRUCTION HOURS (typical):

Monday – Friday: 7 a.m. – 4 p.m.

Saturday (as needed): 9 a.m. – 4 p.m.

SITE ACCESS INFO

Construction crews will access the site via a construction entrance off Summersweet Drive.

There will be approximately 1 to 5 trucks each workday delivering materials to the site. All construction and staging will occur within the project's limit of disturbance (LOD). The LOD is the boundary within which all construction, materials, storage, grading, landscaping, and related activities will occur.

CONSTRUCTION PARKING INFO

Crews will park vehicles along Summersweet Drive.

TREE REMOVAL

Construction crews will remove trees to make room for the stream restoration. Crews will plant new trees at the end of construction to replace removed trees. Additionally, invasive vegetation will be removed and replaced with native plants and shrubs.
