

The Clean Water Partnership (CWP) is a Public-Private Partnership (P3) between Prince George's County and Corvias. The CWP is the first of its kind to design, build, finance, operate, and maintain urban stormwater infrastructure to meet Municipal Separate Storm Sewer System (MS4) regulatory requirements and is committed to retrofitting up to 5,475 impervious acres.

CLEAN WATER PARTNERSHIP WINDSOR PARK STREAM RESTORATION

CONSTRUCTION INFORMATION

PRINCE GEORGE'S COUNTY, IN ALLIANCE WITH THE CLEAN WATER PARTNERSHIP (CWP), HAS BEEN WORKING ON THE PLANNING AND DESIGN OF A WATER QUALITY IMPROVEMENT PROJECT IN UPPER MARLBORO, MD 20772.

THIS PROJECT IS SCHEDULED TO START IN MID-OCTOBER 2023.

PROJECT DETAILS INFO: This is a restoration project to improve the condition of the affected stream. Stream restoration is a best management practice (BMP) that stabilizes eroded streams, restores natural aquatic ecosystems, and improves water quality. The project will include straightening of the existing channel with riffle and log vane grade control structures. Additionally, increased floodway capacity will be achieved which will allow for improved drainage during storm events.

See the overview map for additional details. After construction is complete, all disturbed areas will be returned to stable conditions.

PROJECT NAME

Windsor Park Stream Restoration

PROJECT ADDRESS

Near 10214 Welshire Drive, Upper Marlboro, MD 20772

CONTRACTOR

RES

CONSTRUCTION START DATE

Mid-October 2023

CONSTRUCTION COMPLETION DATE

February 2024, weather permitting.

CONSTRUCTION HOURS (typical):

Monday – Friday: 7 a.m. – 4 p.m.

Saturday (as needed): 9 a.m. – 4 p.m.

SITE ACCESS INFO

Construction crews will access the site via an entrance off Welshire Drive. There will be

approximately 1 to 5 trucks each workday delivering materials to the site.

All construction and staging will occur within the project's limit of disturbance (LOD). The LOD is the boundary within which all construction, materials storage, grading, landscaping, and related activities will occur.

CONSTRUCTION PARKING INFO

Crews will park vehicles along Welshire Drive and within the project site.

TREE REMOVAL

Construction crews will remove several trees to make room for the stream restoration. Crews will plant new trees at the end of construction to replace removed trees. Additionally, invasive vegetation will be removed and replaced with native plants and shrubs.
